Notice of Potential Data Breach

Dear

What Happened

Galstan & Ward Family and Cosmetic Dentistry (Galstan & Ward) became aware that it was the subject of an attempted ransomware attack. On September 9, 2020, Galstan & Ward received a phone call from a group claiming to have infected its computer server with a virus and demanding ransom. Prior to the call from the group seeking the ransom, Galstan & Ward noticed some anomalies with its computer system and engaged its outside IT vendor to wipe the server and reinstall the data from a backup. There was no significant disruption of service or loss of data. No ransom was paid. It is understood that the intrusion into the computer server took place between August 31, 2020 and September 1, 2020. On September 11, 2020, Galstan & Ward learned that several files from its server were posted to a website on the dark web. The files did not contain any information concerning patients.

After becoming aware of the incident, Galstan & Ward contacted outside counsel, who immediately engaged a computer security firm to conduct a forensic analysis and provide remediation services. The security firm confirmed that the restored server was free from any malware. The security firm could find no evidence that confidential patient data stored in Galstan & Ward's dental practice software system was accessed or acquired. Additional investigation did not find evidence of acquisition or access of confidential patient information.

However, out of an abundance of caution and concern for its patients Galstan & Ward is providing this notification and information concerning steps that can be taken to protect from potential harm.

What Information Was Potentially Involved

The dental practice software we use contains patient names, social security numbers, dates of birth, addresses, and dental records.

What We Are Doing

The dental practice software uses a data making technique using cryptographic technology to protect the data. We have also implemented and are taking additional safeguards to improve data security on our web server infrastructure.

In addition, we are offering identity theft protection services through IDX, the data breach and recovery services expert. IDX identity protection services include: _____ months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed id theft recovery services. With this protection, IDX will help you resolve issues if your identity is compromised.

What You Can Do

We encourage you to contact IDX with any questions and to enroll in free identity protection services by calling 1-833-905-3222 or going to <https://app.idx.us/account-creation/protect> and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 9 am - 9 pm Eastern Time. Please note the deadline to enroll is February 12, 2021.

Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of this service offering. IDX representatives have been fully versed on the incident and can answer questions or concerns you may have regarding protection of your personal information.

For More Information

You will find detailed instructions for enrollment on the enclosed Recommended Steps document. Also, you will need to reference the enrollment code at the top of this letter when calling or enrolling online, so please do not discard this letter.

Please call 1-833-905-3222 or go to <https://app.idx.us/account-creation/protect> for assistance or for any additional questions you may have.

Sincerely,

A handwritten signature in black ink, appearing to read "Samuel W. Galstan" and "C. Sharone Ward" on two lines.

Recommended Steps to Help Protect Your Information

- 1. Website and Enrollment.** Go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.
- 2. Activate the credit monitoring** provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.
- 3. Telephone.** Contact IDX at 1-833-905-3222 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.
- 4. Review your credit reports.** We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.

California Residents: Visit the California Office of Privacy Protection (www.oag.ca.gov/privacy) for additional information on protection against identity theft.
